

## **Arconic | Alcoa Forged Products**

1600 Harvard Avenue, Cuyahoga Heights, Ohio 44105

### **Company Profile**

Arconic is a preeminent supplier of large aluminum, titanium, nickel and steel forgings to the aerospace, defense, energy and industrial markets. On November 5, 2009, Alcoa announced the completion and restart of its redesigned 50,000-ton forging press at the company's Cleveland Works. A \$100 million dollar investment, the new press is one of only five existing heavy closed die forging presses in the United States. This national historic engineering landmark is strategically important to our nation's defense and Alcoa's commercial competitiveness.
