

# Seniors Corner

Hi Everyone,

It looks like our hot summer days are behind us and winter is on its way. That's Ohio weather for you. I grew up in California and was so looking forward to the different seasons, but the snow sure does get old fast and the older I get the faster it comes.

We have taken some nice trips recently. On September 16<sup>th</sup> and 17<sup>th</sup> we went to Hershey, Pennsylvania and visited the wonderful chocolate factory with a nice tour and took home our fair share of delicious chocolate. We also went to Lancaster to see the play *Jesus*; it was fantastic! The acting, the scenery and the animals were amazing. I had been to one of their theaters before when we took a trip to Branson, Missouri. There we saw the play *Noah* which was also outstanding. If you ever get the chance to see any of the plays at the Sight and Sound Theatre, please do so, they are very well done. We also had a trip to Chautauqua on the 4<sup>th</sup> of October and had lunch at a beautiful hotel, and then a ferryboat ride down the river. It was a bit cool, but we handled it.

Everyone had a great time at the Corn Roast. There was good food and fun things to do and it seemed like there were more people this year than the last time we held it. The seniors raffled off a Basket of Cheer and a Board of Riches and they were won by two village residents. Congratulations to both winners. Our village does such a great job at everything we do, it is truly a wonderful place to live.

Our Halloween party is scheduled for the 22<sup>nd</sup> of October with good food and fun. I hope more seniors dress up in costume this year.

We also were invited to the annual dinner given for seniors at the school. It is on the 23<sup>rd</sup> of October. They always do a nice job with good food and entertainment by our band and drum corps.

On November 8<sup>th</sup> we are also going to Berlin in Amish country for lunch and then on to a place called Tis the Season for a bit of shopping. Looking forward to it.

Until next month, keep safe and warm and join us for some of our activities. We have fun.

*Noel Centa, President - Cuyahoga Heights Senior Citizens*
