BE HALLOWEEN Safe

Halloween is a fun, and spooky, time of year for kids. Make trick-or-treating safe for your little monsters with a few easy safety tips.

Sparky® is a trademark of the NFPA.

HALLOWEEN FIRE SAFETY TIPS

- »» **When choosing a costume**, stay away from long trailing fabric. If your child is wearing a mask, make sure the eye holes are large enough so he or she can see out.
- »» **Provide children** with flashlights to carry for lighting or glow sticks as part of their costume.
- »» Dried flowers, cornstalks and crepe paper catch fire easily. **Keep all decorations** away from open flames and other heat sources like light bulbs and heaters.
- »» **Use a battery-operated** candle or glow-stick in jack-o-lanterns. If you use a real candle, use extreme caution. Make sure children are watched at all times when candles are lit. When lighting candles inside jack-o-lanterns, use long, fireplace-style matches or a utility lighter. Be sure to place lit pumpkins well away from anything that can burn and far enough out of the way of trick-or-treaters, doorsteps, walkways and yards.
- »» **Remember** to keep exits clear of decorations, so nothing blocks escape routes.
- »» **Make sure** all smoke alarms in the home are working.
- »» **Tell children** to stay away from open flames including jack-o-lanterns with candles in them. Be sure they know how to stop, drop and roll if their clothing catches fire. (Have them practice, stopping immediately, dropping to the ground, covering their face with hands, and rolling over and over to put the flames out.)

If your children are going to **Halloween parties** at others' homes, have them look for ways out of the home and plan how they would get out in an emergency.

Did you know?

Decorations are the first thing to ignite in **900** reported home fires each year. Two of every five of these fires were started by a candle.

Cuyahoga County partners with your local library to expand access to benefits, career training and adult education.

The Cuyahoga County Strategic plan states that the county will work to ensure that every resident is on a path to upward income mobility and career development. Cuyahoga County Executive Armond Budish is helping residents and the county achieve these goals through a partnership between the county library system, Cleveland Public Library and Propel Cuyahoga which is the County's workforce initiative. This innovative, new partnership will provide residents with career advancement, regardless of location or income. These services are especially useful to those who lack a high school diploma, GED, or workplace fluency in English.

As part of the program, trained librarians will also assist county residents to sign up, renew or update their benefits such as Medicaid, SNAP or other assistance programs.

Propel Cuyahoga and the libraries will provide the following free services and resources:

- Tests for Training & Employment
- Career Pathways Assessment and Counseling
- Basic Skills Education & Adult Basic Education
- Benefits applications for cash, food, medical, and child care assistance
- High School Equivalency Test Preparation & Adult Secondary Education
- Test of English as a Foreign Language (TOEFL)
- English for Speakers of Other Languages (ESOL)
- Family Literacy
- Digital Literacy
- Free transmission of information to JFS for JFS clients

“This is an exciting innovative partnership with our County and Cleveland Libraries that will significantly further two of our top priorities—putting our residents on a path to a career with a family sustaining wage, and making County services more easily available throughout our neighborhoods,” said County Executive Armond Budish.

Residents will have convenient access at their local Cuyahoga County Library branch, and, soon, at Cleveland Public Libraries. Visit your local library to advance your career. For more information, visit: <http://www.aspiregreatercleveland.org/>
