**RESOLUTION NO. 2019-67**

A RESOLUTION AUTHORIZING THE VILLAGE TO EXECUTE A DIGITAL MARQUEE  
SIGN AGREEMENT WITH THE CUYAHOGA HEIGHTS SCHOOLS AND AUTHORIZING  
RELATED EXPENDITURES

Mr. Contipelli agreed to make the motion, Mr. Centa agreed to second.

Ms. Henley asked if the plan includes also replacing the sign on E. 49<sup>th</sup> Street. Mayor Bacci said the plan which is agreed upon by the school is that we will remove our sign on E. 71<sup>st</sup> Street, and they will remove theirs in front of the school, and we will replace them with a Cuyahoga Heights Community Board directly across the street from the Town Hall in front of the school parking lot. All information for the school and Village that is put on the board will be managed by us. The sign on E.49<sup>th</sup> Street will stay the same for now. What we will do is next year upgrade the sign on E. 49<sup>th</sup> Street. They will be digital signs managed and updated by us.

Mr. Schoeffler asked if we are paying for the entire cost. Mayor Bacci said that is correct. We will pay for the entire sign, but if something fails in the future, it will be jointly paid for by the school and us. This is to alleviate the school putting up a new sign and us putting up a new sign, because we were going to put up a new digital sign regardless of what the school was going to do.

Mr. Centa asked if he should abstain from the vote because he is an employee of the school. Mayor Bacci said it doesn't benefit Mr. Centa or his family, it is a public benefit, so he can vote on the Resolution.

Mr. Schoeffler said he doesn't like the idea that we are paying the full amount for a sign that benefits the village and the school. He believes that we are separate entities, and that's just his opinion. Mayor Bacci sees no downside for us to put school messages on a board that we purchased for the village.

Mr. Schoeffler thinks that we should remain separate from the school. For example, he didn't think it was right that our Service Department should have done the landscaping for the school

area last year. This is just his opinion. Mayor Bacci explained that we have a gazebo, and we can't place a sign in front of the gazebo, so the best place is to put it across the street. If they are willing to give us a 99 year lease for the sign on their property, he considers it the best alternative to both of us putting up a sign.

Mr. Contipelli asked if it was going to be a flat sign, or a V sign that both sides can see. Mayor Bacci said it will be a V formation visible from both sides, very similar in size to the sign we have now.

**RESOLUTION NO. 2019-68**

A RESOLUTION ACCEPTING THE BID OF FABRIZI TRUCKING & PAVING CO., INC.

Mr. Contipelli agreed to make the motion, Ms. Harris agreed to second.

**OTHER BUSINESS:**

A motion for the Village to hire David Lewin Corporation to perform geotechnical analysis and slope stability analysis for the E. 71<sup>st</sup> Street lower corridor in an amount not to exceed \$50,000.00.

Mr. Contipelli agreed to make the motion, Ms. Harris agreed to second.

Engineer Sciano said this is an in depth study that will incorporate all the previous studies so that we can go after grant money to fix the street. It will incorporate the village property from east of the Trusso property to the lower part of E.71<sup>st</sup> street. This will give us the information we need to apply for grants in the future. Mr. Sciano explained that we need to do the study, look at all of our alternatives to fixing the problem, then go out for grants to fund the project. This is not a cheap project, and hopefully there will not be any breaks or major problems until we are ready. Mayor Bacci said the remedies for this project will not be ready until Mr. Sciano gets this information. If the 30" inch pipe goes in the meantime, we will have major problems that we can't even imagine.

**MAYORS REPORT:**

The Mayor asked Council to go into Executive Session for personnel matters, investigation, and real estate matters.
