

Cleveland Metroparks | Ohio & Erie Canal Reservation

4524 East 49th Street, Cuyahoga Heights, Ohio 44125

Organization Profile

The Ohio & Erie Canal Reservation stretches through the villages of Cuyahoga Heights and Valley View and other surrounding communities. The reservation follows a portion of its namesake, the historic 309-mile Ohio and Erie Canal. Together with the Cuyahoga River, the northernmost remaining 4.4 miles of watered canal provides wildlife management areas, fishing opportunities and scenic beauty. Picnicking, hiking trails, a 7.2-mile All Purpose Trail, and unique natural and cultural heritage of this valley are also featured in this reservation. CanalWay Center highlights the natural and cultural history of the surrounding area. It features a canal boat play area, a bird viewing room, examples of native and invasive wildlife species, and a meeting place.
