

Cleveland Water Department

4600 Harvard Avenue, Cuyahoga Heights, Ohio 44105

Department Profile

Cleveland Water is one of the largest public water systems in the United States. Every day, Cleveland Water Department treats and delivers up to 300 million gallons of water to more than 1.4 million people and thousands of businesses, schools, churches and recreation centers in the 80 communities they serve in Cuyahoga County and parts of four surrounding counties—Geauga, Medina, Portage and Summit.
