

Tensile Testing

4520 Willow Parkway, Cuyahoga Heights, Ohio 44125

Company Profile

Established in 1955, Tensile Testing Metallurgical Laboratory is a complete Independent Laboratory for industrial machining and testing needs. Tensile Testing is accredited to ISO/IEC 17025 (A2LA) and AC7101 (Nadcap) with approvals encompassing the automotive, steel, medical, fastener, welding, and nuclear markets. The experienced production staff works to designated commercial specifications (ASTM, ASME, AWS, AMS, MIL, etc) on calibrated, modern equipment to ensure accurate, reliable, and verifiable results in a timely and cost-effective manner.
