APPLICATION FOR TREE TRIMMING/ REMOVAL SERVICE

Property Owner: _____ Date: _____

Property Address: _____ Daytime Phone: _____

Please give the location of the tree to be trimmed or removed, its size and kind, and exact instructions to the tree cutting service. _____

The property owner must submit this application, and waiver of liability and right of entry so that removal may occur by the company on private property. Tree trimming/removal is limited to two (2) trims per year and one (1) removal. Please note that if a crane is needed for tree removal, it is the responsibility of the homeowner to pay for the service. In addition, if a stump needs ground, it is the responsibility of the homeowner to pay for this service, whether the homeowner uses the tree company that the Village has a contract with or another tree company.

Tree Service Clarification

Per Village of Cuyahoga Heights Ordinance 248.06

Tree service includes two (2) tree trimmings and one (1) tree removal per year.

This service can save the homeowner thousands of dollars. On average, the cost (outside the Village) of removing a tree could be \$3,000.00 or more.

Equipment included in this service is – a bucket truck and chipper truck (*pictured below*). **The bucket truck is not a crane.**

For safety reasons, if a tree is too **large** and/or **unsafe** to remove with the above equipment, a boom truck or a truck crane (*pictured below*) must be used at the homeowner's expense.

Also, stump grinding is not included in this service and must be paid for by the homeowner. You may hire the Village's tree service provider or choose a different vendor all together.

We hope this clarified any confusion to this wonderful service the Village provides, and as always, if you have any questions don't hesitate to give us a call at (216) 641-3505.
