

A MESSAGE FROM YOUR FIRE CHIEF, MIKE SUHY

SILVERLODE
CONSULTING

GENESIS
RESCUE SYSTEMS

The Cuyahoga Heights Fire Department have worked with Silverlode Consulting for 11+ years, over that time we have received numerous grants that we would not have received without their assistance.

Our most recent award was for Genesis Rescue Systems' newest line of battery-powered extrication tools is the EFORCE-SLi Line. These tools have the newest and most advanced technology ever put into an extrication tool. They are powered by the Non-Proprietary Milwaukee M18 H.O Battery.

We have received over \$45,000 in equipment that will replace our old gas-powered tools. We completed training on these new tools and they will be in-service this month.
