The George M. Suhy Grant Program

The process is now done online through our website at www.cuyahogaheights.com, click on the online services tab at the top of the page and scroll down to Suhy grant application. This is where you will start your application for your grant. Please follow the steps listed below:

If using a contractor, the contractor must be registered with the village's building department.
Once they are registered, they will receive a contractor registration number.

You or your contractor must apply for a construction permit for your project, (the permit application also can be accessed through the online services tab on our website.) Once your application is reviewed and approved by the building department, you will be emailed an approval with the permit fee, there will be an attached link to pay for your permit fee online. Once the permit is paid for, you will receive a permit.

Complete the George M. Suhy grant application.

Schedule a pre-inspection of your project with the building department, (a pre-existing picture is required before new work can be started).

Proceed with your project, if your project needs an outsourced inspection, the building department will notify you.

Complete your project.

Schedule a final inspection with the building department (a picture of completed work will be required).

Submit all receipts and have your contractor sign and date their invoice, the contractor must verify how the invoice was paid. If the contactor's invoice was paid by a check, the building department will need a copy of the deposited check front and back, if the invoice was paid by a credit card, we will need a statement showing paid with a confirmation number for the credit card used and if the invoice was paid by cash, your contractor will have to sign, date and write paid in full by cash.

Once all the above steps have been completed, you will receive your grant check by mail within 45 days.
